Education**Ghana Communication Technology University**

Bachelor of Science in Software Engineering (Expected June 2026)

Professional Summary

Dynamic Programmer and Developer with a proven track record at FREECODECAMP and SIMPLILEARN, where I enhanced team productivity by mastering new technologies and programming languages. Skilled in .NET development and JavaScript, with a focus on seamless software integration. Not leaving out the fact that I am still a student and learning with the institution aside my personal hard work. Known for exceptional problem-solving abilities and a commitment to continuous learning, ensuring high-quality software solutions that meet user requirements.

Skills

- **Programming Languages:** .NET, JavaScript, Python, C++, HTML
 - **Web Development:** Proficient in web technologies and frameworks
 - **Software Development:** Coding, testing, debugging, and algorithm design
 - **User Experience:** Designing intuitive user interfaces
 - **Collaboration:** Working effectively within cross-functional teams
 - **Continuous Learning:** Staying current with industry trends and emerging technologies
-

Professional Experience

Python Programming

Simplilearn - Remote

June 2024 – August 2024

Font End Development

Simplilearn - Remote

August 2024 – present

- Collaborate with software development and testing teams to design and develop robust solutions that meet client requirements for functionality, scalability, and performance.
- Identify opportunities for process improvement, leading to a more efficient development cycle.
- Enhance software functionality by resolving complex coding issues.
- Design intuitive user interfaces to improve product usability and customer satisfaction.
- Consistently meet project deadlines by effectively managing priorities and maintaining a strong work ethic.

Developer

FREECODECAMP - Remote

February 2023 - April 2023

- Collaborated with cross-functional teams to ensure seamless integration of new features.
- Adapted quickly to new technologies and programming languages, enhancing overall team productivity.
- Debugged complex software issues, contributing to a more stable product release.
- Continuously updated skills through training courses, workshops, and self-study to stay current on industry trends and emerging technologies.
- Participated in regular code reviews to ensure high-quality standards across all development efforts.

- Developed interactive Websites.
-

Certifications

- Certified Python Developer (Simplilearn)
 - Web Developer (FreeCodeCamp)
 - Responsive Web Design (FreeCodeCamp)
 - CSS and JavaScript Algorithms and Data Structures (FreeCodeCamp)
-

Languages

- **English:** Advanced (C1)
 - **French:** Intermediate (B1)
-
